

COMMONWEALTH OF MASSACHUSETTS

BOARD OF REGISTRATION IN MEDICINE

POLICY 95-01

(Adopted December 27, 1995)

CERTAIN REQUESTS RELATING TO PROBATION AGREEMENTS

In the following circumstances, Board Counsel for Physician Health and Compliance may present the case to the Board Designee for review and recommendation of action to the Board:

1. Request for a change in work site
2. Request for a change in monitor
3. Request for a change in clinical supervisor
4. Request for a change in frequency of urine screening

After review by the Board Designee, Board Counsel for Physician Health and Compliance will prepare a list for each Board meeting with the physician's name, a brief summary of the case and the Board Designee's recommendation. The full Board will have the opportunity for discussion, and a public vote will occur. In those cases in which the Board Designee chooses not to make a recommendation of action, Board Counsel for Physician Health and Compliance will prepare the case for formal presentation to the Board.
